

STARKE-AYRES' 1942 BULB LIST

ABBREVIATED LIST issued January 31st, 1942

NON-WARRANTY

We give no guarantee express or implied (and none of our representatives is authorised to vary this condition in any way) as to description, quality or productiveness or as to any other matter of any seeds, bulbs or plants we sell, and we are not in any way responsible for them or in respect of the crop or failure of the crop. If the goods are not accepted on these terms please return them to us.

HOW AND WHEN TO ORDER BULBS

If cash is sent with the order we will send bulbs carriage free, otherwise you may deduct 5% and have the carriage added.

All bulbs are sold subject to the Conditions of Sale and Non-Warranty as set out in our invoices, letterheads, etc.

For your convenience in ordering we are printing here a list of the various kinds of bulbs (but not the varieties) stating next to each the best time to order these—obviously when the bulbs, corms, rhizomes or root-stocks are dormant or semi-dormant.

Orders can be sent at other times but are liable to be held over until stocks are in a proper condition for sending out.

Achimenes Hybrids	May-Aug.
Agapanthus (African Lily)	May-Aug.
Alliums	Jan.-Mar.
Alpinia nutans	Jan.-Dec.
Alstroemeria (Peruvian Lily)	Jan.-May.
